

# Social Distancing Required

**BIRD BLIND, EDUCATION CENTER AND PORTA-POTTY CLOSED**

Public natural spaces like the wildlife refuge help people maintain good mental health during difficult times. But these areas must close or restrict activity if users cannot demonstrate proper social distancing and isolation practices during the COVID-19 pandemic threat.

*Please help us keep the refuge open for everyone to enjoy by following these guidelines:*

**Don't socialize with others at the refuge**

**Keep 6 feet between yourself and others at all times**

**Do not leave anything behind at the refuge**

**Do not touch the surfaces of benches, signs or other objects**
